

Harry, My name Guy Stacy QM3/GMG3 when I severed on good ship Frank Knox (1961-66) I was going to the bridge to assume he Quartermaster watch when this great ship hit the reef and stayed with that great ship for all but one day when the Old man sent myself and SM3 John Bruke to USS Mars for a shower and a hot meal. I don't get around much so I'll not be there so please tell the reef crew I say hello mates. Thank you Harry not sure if any of them will remember me?? Be safe shipmate
